*Beauty for Weddings*

## **Congratulations!**

You've made the right decision. Together we will make your wedding sparkle and your pictures priceless. Expect to dazzle!

Every bride needs to feel relaxed on her wedding day. So, to reduce your stress and keep you focused on enjoying your special day, we come to you. We arrive early at your home, hotel, or church to begin your transformation into a stunning beautiful bride.

## **Makeup and Hair Consultation**

I recommend that all brides make an appointment for a consultation before the day of the wedding. In the consultation, we create a customized makeup palette designed to enhance your natural beauty. Also, in order to fully realize your hair's most glamorous potential we create your special Wedding Day Look! After the consultation, plan to socialize with friends and family or schedule a wedding dress fitting for the same day.

## **Makeup Kit**

I recommend all brides have a small Makeup Kit organized for touch-ups. Your makeup kit should include these basics:

- Pressed powder compact
- Lipstick and lip brush
- Blotting Tissues

A Deluxe Bridal Makeup kit might also include:

- Lip Pencil
- Lip Gloss
- Travel size powder brush
- Fix-it Makeup Spray (guards against makeup smudging)

I can recommend and provide these products for you after your Makeup consultation to ensure a flawless look on your Wedding day!
